

## Attention Parents/Guardians

The ABGS Middle School is offering a summer program designed for students in grades 6 and 7 who have not met the middle school promotion standard during the regular school year. Students who need to successfully repeat one or two of the required courses to be eligible for promotion to the next grade level will have the opportunity to participate in course recovery. Students may take a **maximum of two repeat courses** during the summer.

The program is also an extended learning opportunity for students who are performing below grade level in reading and/or math; or students who are performing at grade level, but are struggling to do so. This six week program will offer engaging reading, mathematics and science activities. Lessons will use a blended model of technology with small group instruction, hands-on experiments and project-based learning.
